TASK	Title	START	END	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F	S	S									
Back Bend Sensor																																																																				
Task 1	Collect material and tools	6/15/20	6/21/20																																																																	
Task 2	Divide material in suitable sizes	6/22/20	6/28/20																																																																	
Task 3	Traces stencils to cloth + iron fabric to ends	6/29/20	7/5/20																																																																	
Task 4	Place resistive material b/w pieces (Velostat or equivalent)	7/6/20	7/12/20																																																																	
Exam Prep.		7/13/20	7/19/20																																																																	
Task 5	Sew 2 pieces together	7/20/20	7/26/20																																																																	
Task 6	Test with multimeter if sensor works	7/27/20	8/2/20																																																																	
Task 7	Attach to a back of a toy in order to detect bending	8/3/20	8/9/20																																																																	
Task 8	Capture sensor readings as toy bends + Finalize Project	8/10/20	8/15/20
